Kolkata, West Bengal, India | connect@vishalgaire.com | linkedin.com/in/vishal-gaire |

Portfolio - vishalgaire.com

SUMMARY

Full-stack developer with 6+ years and 100+ delivered projects across WordPress, Shopify, and WooCommerce. Builds AI-driven automation into client workflows, chatbots, auto-publishing, email automation, to cut manual ops. Converts Figma designs into wordpress sites, coordinates timelines and delivery across concurrent client projects.

EXPERIENCE

Senior Web Developer | Project Coordinator

Socioholics (Dec 2025 – Present)

- Coordinate delivery across multiple concurrent client web/AI projects, owning timelines and client-facing scope.
- Build and maintain WordPress and Shopify sites and applications from Figma spec to production.
- Design and deploy AI automation workflows (Make.com, n8n) for client marketing and ops, chatbot flows, scheduled content, sheet-triggered email sequences.

Senior Web Developer

Social Neeti (Jul 2023 – Nov 2025)

- Led development on WordPress/Elementor and Shopify builds for external clients, from initial build through post-launch maintenance.
- Introduced AI-assisted prompt engineering and automation into standard project workflows.

Web Developer

Mindedge Solutions (2022 – 2023)

- Built and maintained client WordPress and e-commerce sites end-to-end.

Web Developer

The Arham (2019 – 2022)

- Developed and shipped WordPress-based digital experiences as part of an in-house dev team, first professional role out of university.

SKILLS

Platforms: WordPress (Custom, Elementor Pro), Shopify, WooCommerce

Automation / AI: Make.com, AI prompt engineering, agentic workflow orchestration (Antigravity, Claude, Gemini)

Other: Project coordination, client management, SEO/AEO/GEO content optimization

EDUCATION
